

**CABLAGÉ TRIBUTE
JOHNNY HALLYDAY**

The diagram illustrates a live sound system configuration. At the center is a BOSS GT-8 multi-effects processor. To its left is a wireless microphone system consisting of a handheld microphone and a receiver. Below the microphone is a Fender Telecaster guitar connected to a wireless transmitter. To the right of the BOSS unit is a ProSound 8 mixer. A laptop is connected to the mixer. The system is powered by a central rack of speakers, including two SRM450A units and one SRM450B unit. Red arrows indicate the power and signal flow from the laptop to the speakers. Blue arrows show the signal flow from the microphone and guitar through the BOSS unit and mixer to the speakers.
